

CARLI OVILA

Organic feed for sheep and goat

100% ITALIAN ORIGIN COMPONENTS 

Carli Ovila is an organic feed for sheep and goats, formulated to meet the evolving physiological needs of the animals with nutrients of high biological value.

Carli Ovila contains hay from grasses and alfalfa, harvested early, dehydrated and enriched with cereals and oilseeds.

Its simple balanced formulation guarantees versatility of use for maintaining the well-being of sheep and goats throughout the various stages of their lives. It can be integrated into existing rationing to meet particular needs.

ORIGIN

Italy

Sustainable agriculture

Gruppo Carli organic feeds provide all the nutrients necessary for the growth, health and productivity of animals, in full respect of their natural biological rhythms.

COMPOSITION

Grass meal, dehydrated alfalfa meal, soft wheat, sunflower panel, rye, wheat bran, carob, sodium chloride, calcium carbonate.
